# Highlights

## USB hand control

Control all playback functions with your thumbs! Commands such as play, stop, forward, rewind, and a three-second backspace can be given via the smart USB hand control which is simply placed in front of the keyboard. Thanks to plug and play installation, getting started is as easy as winking.

## Optimized ergonomics

The USB hand control delivers ergonomic design for convenient PC transcription of audio files. The lightweight headphones are designed for comfort during extended use, you'll hardly notice you're wearing them.

## Plug and play installation

No configuration is needed: just insert the CD, connect the headphones and the USB hand control to the PC, and you are ready to go.
